EXPECTATIONS

Question: How much are you interested in politics?

Basis: N2000, N2004, N2008, N2012, N2016, N2020=8000; mean

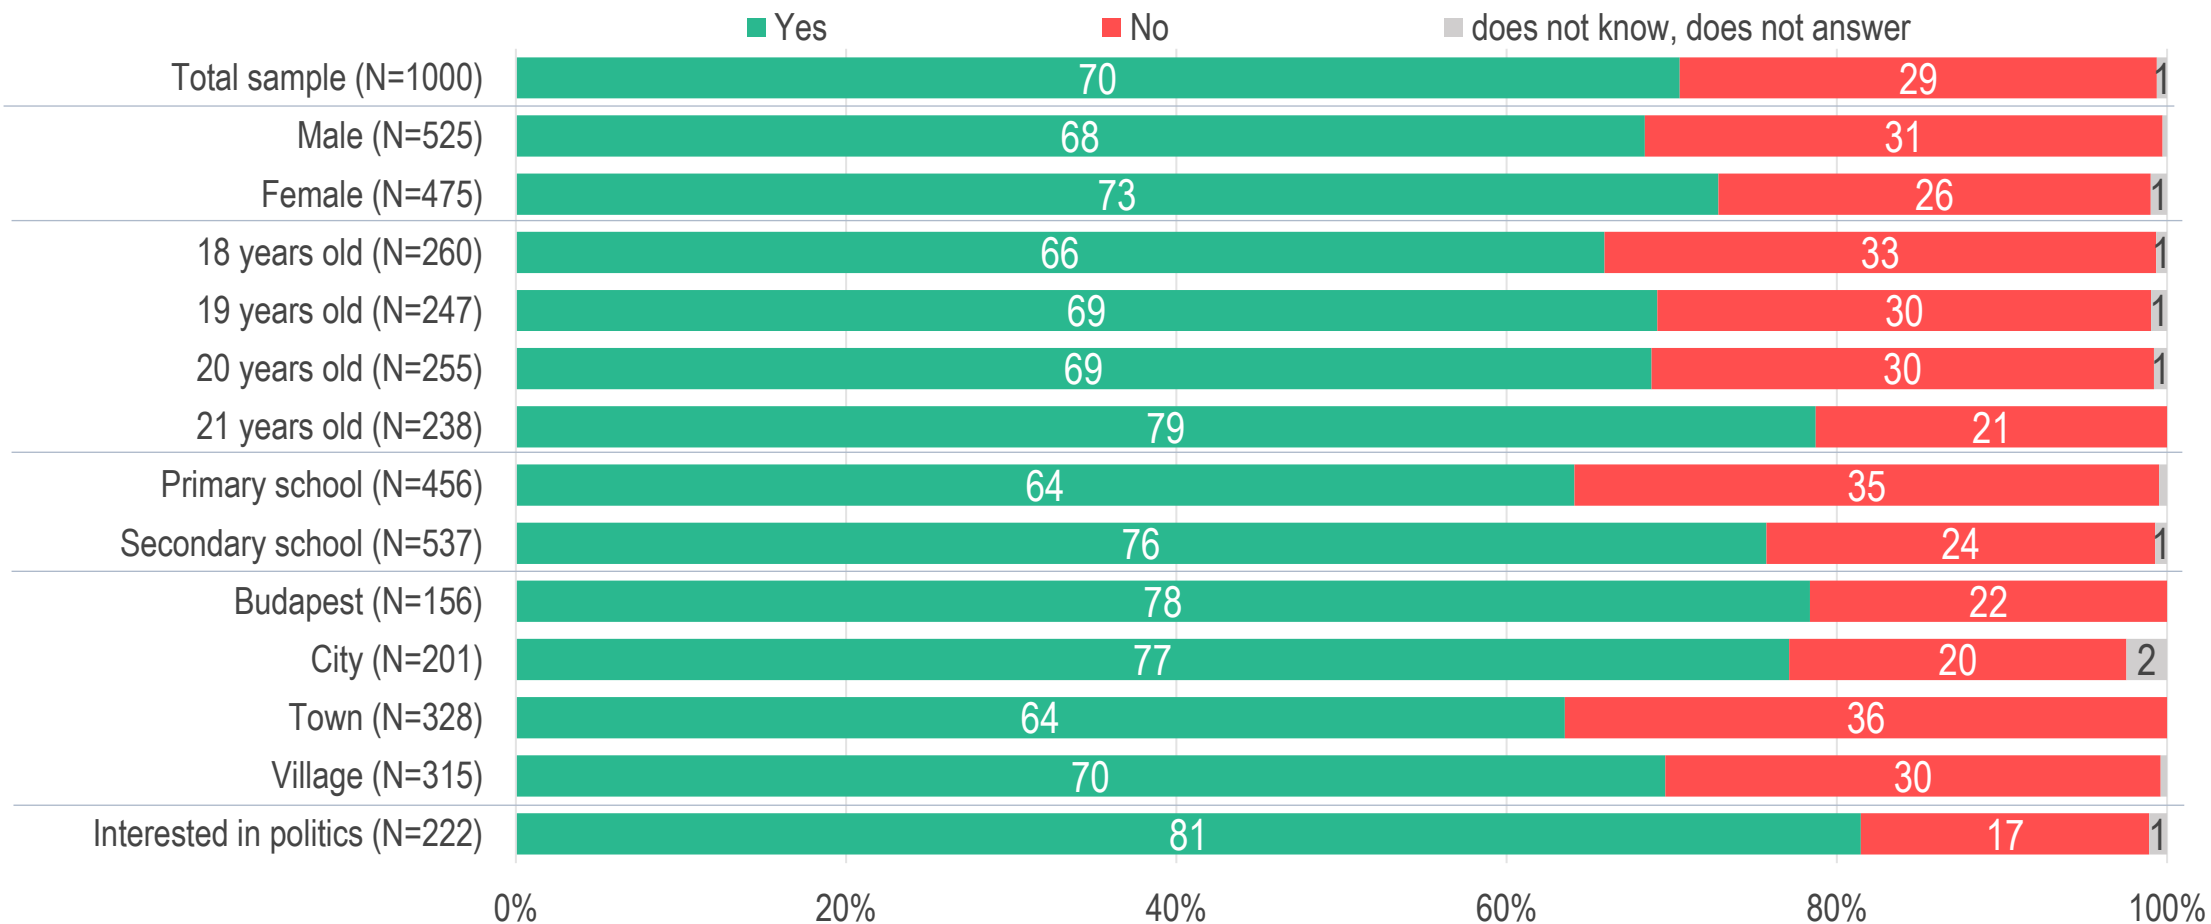

EXPECTATIONS

Question: If parliamentary elections were held this Sunday (and you were eligible to vote), would you go to vote?

Basis: first voters in 2022 N=1898

AND (THE POSSIBLE) REALITY

Question: Did you participate in the elections of April 3, 2022?
Basis: N=1000; percentage frequency

FIRST VOTERS SURVEY

First-time voters are those who voted in the 2022 election for the first time.

According to the 2016 Microcensus, they are less than 400,000 (390,556) of them in Hungary.

The research was conducted with personal interviews (TAPI) in May-June 2022.

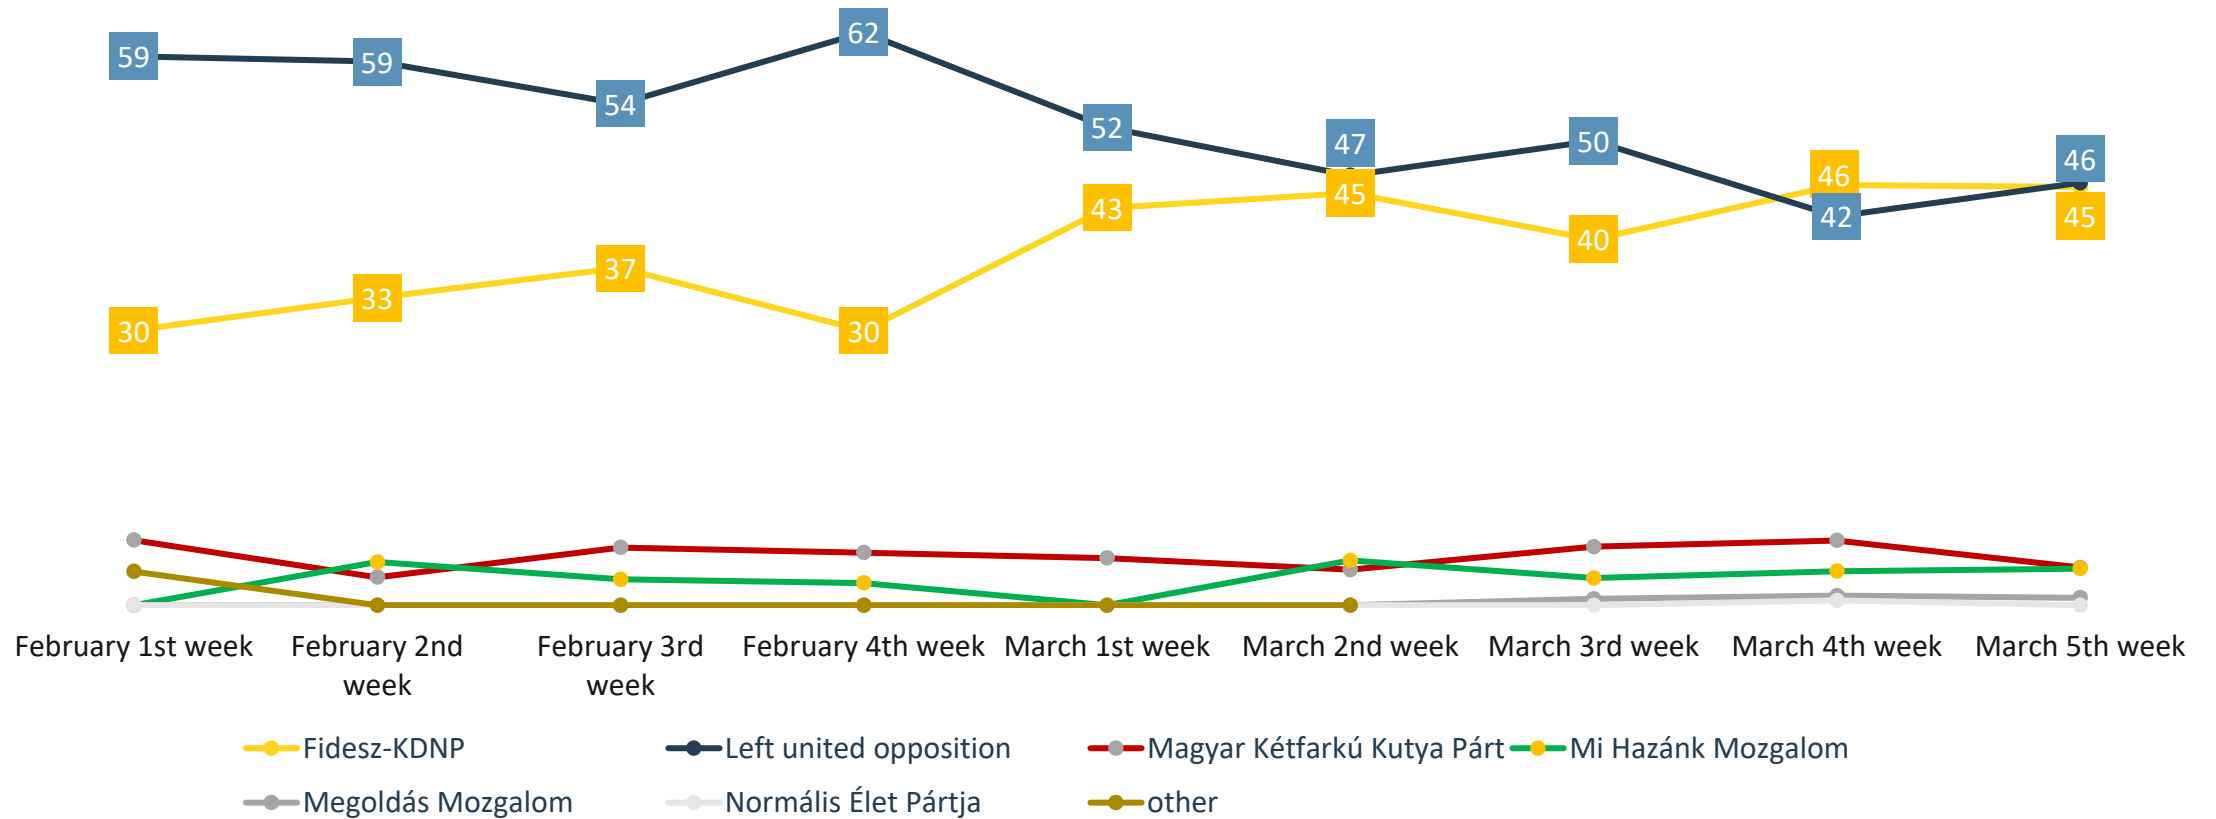

The sample was assembled from address list. Sample size: 1,000.

Question: How would you describe yourself?
Basis: Total (N=1000); percentage frequency

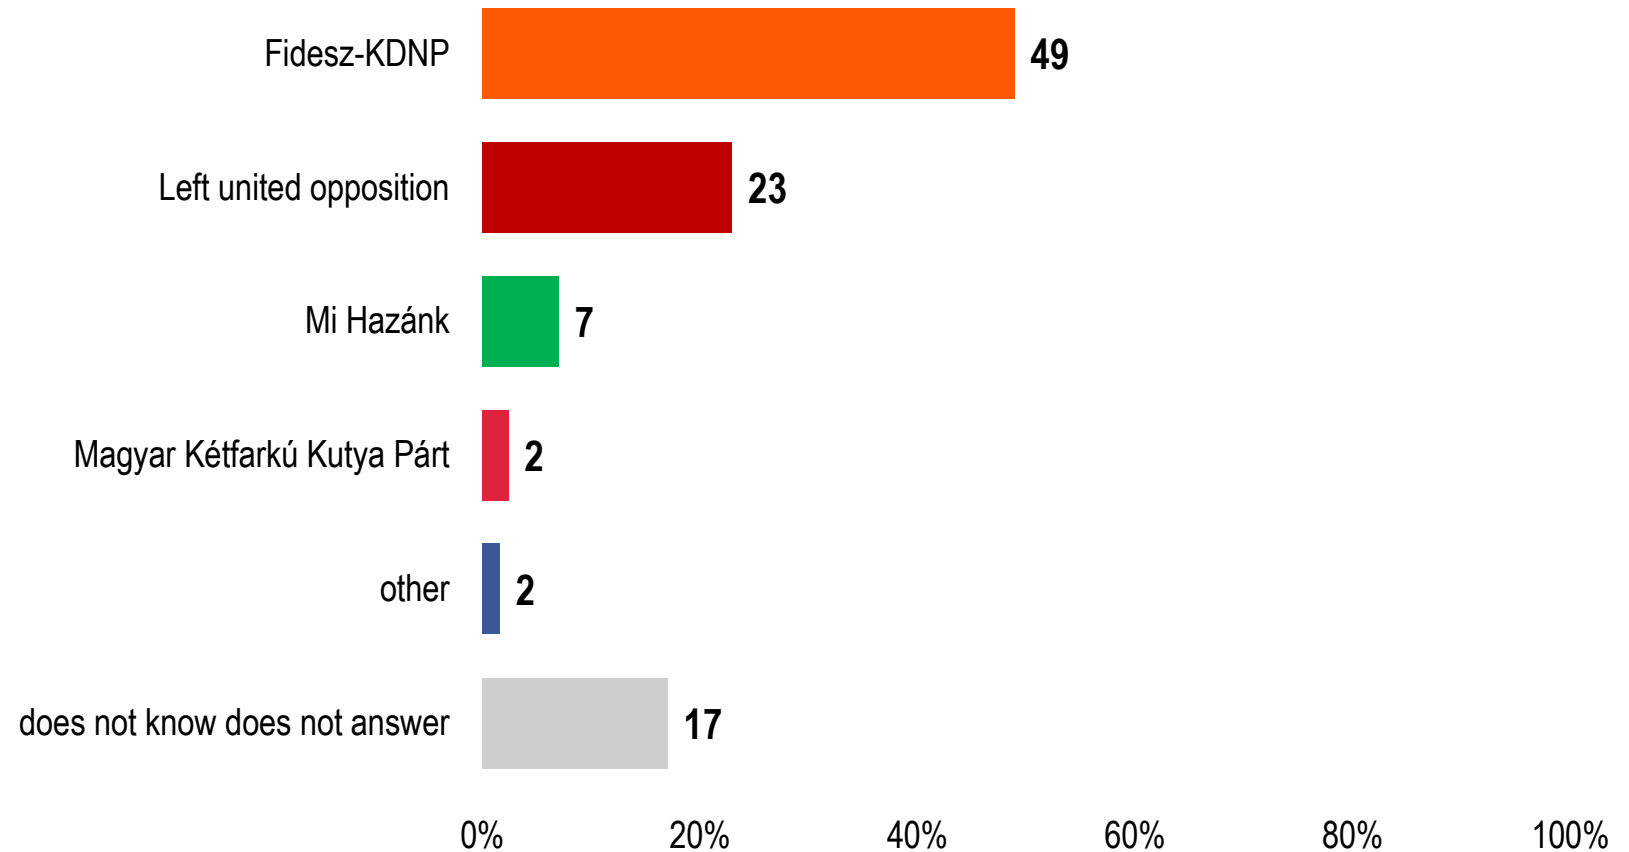

POLITICAL PREFERENCES

Question: Which party did you vote for in the April 3 elections?

Basis: those who participated in the election (N=705); percentage frequency

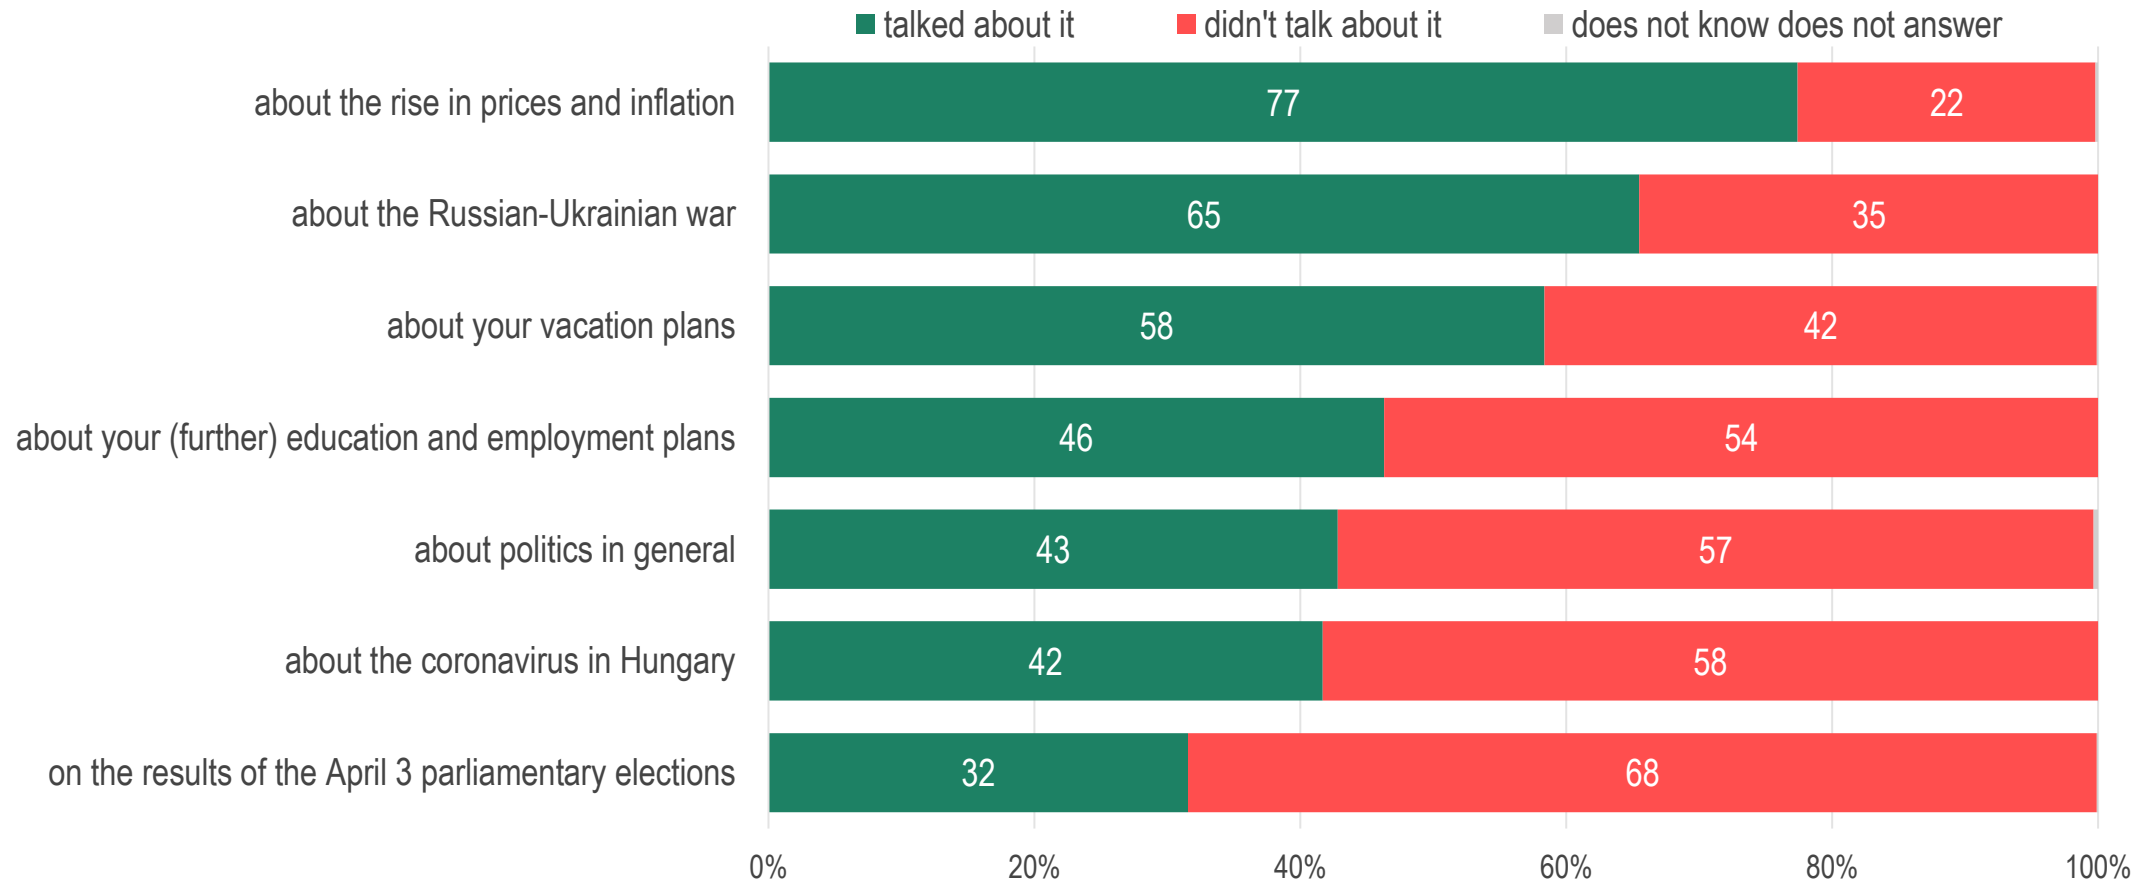

POLITICAL PREFERENCES

Question: Which party's individual candidate did you vote for in the April 3 elections?

Basis: those who participated in the election (N=705); percentage frequency

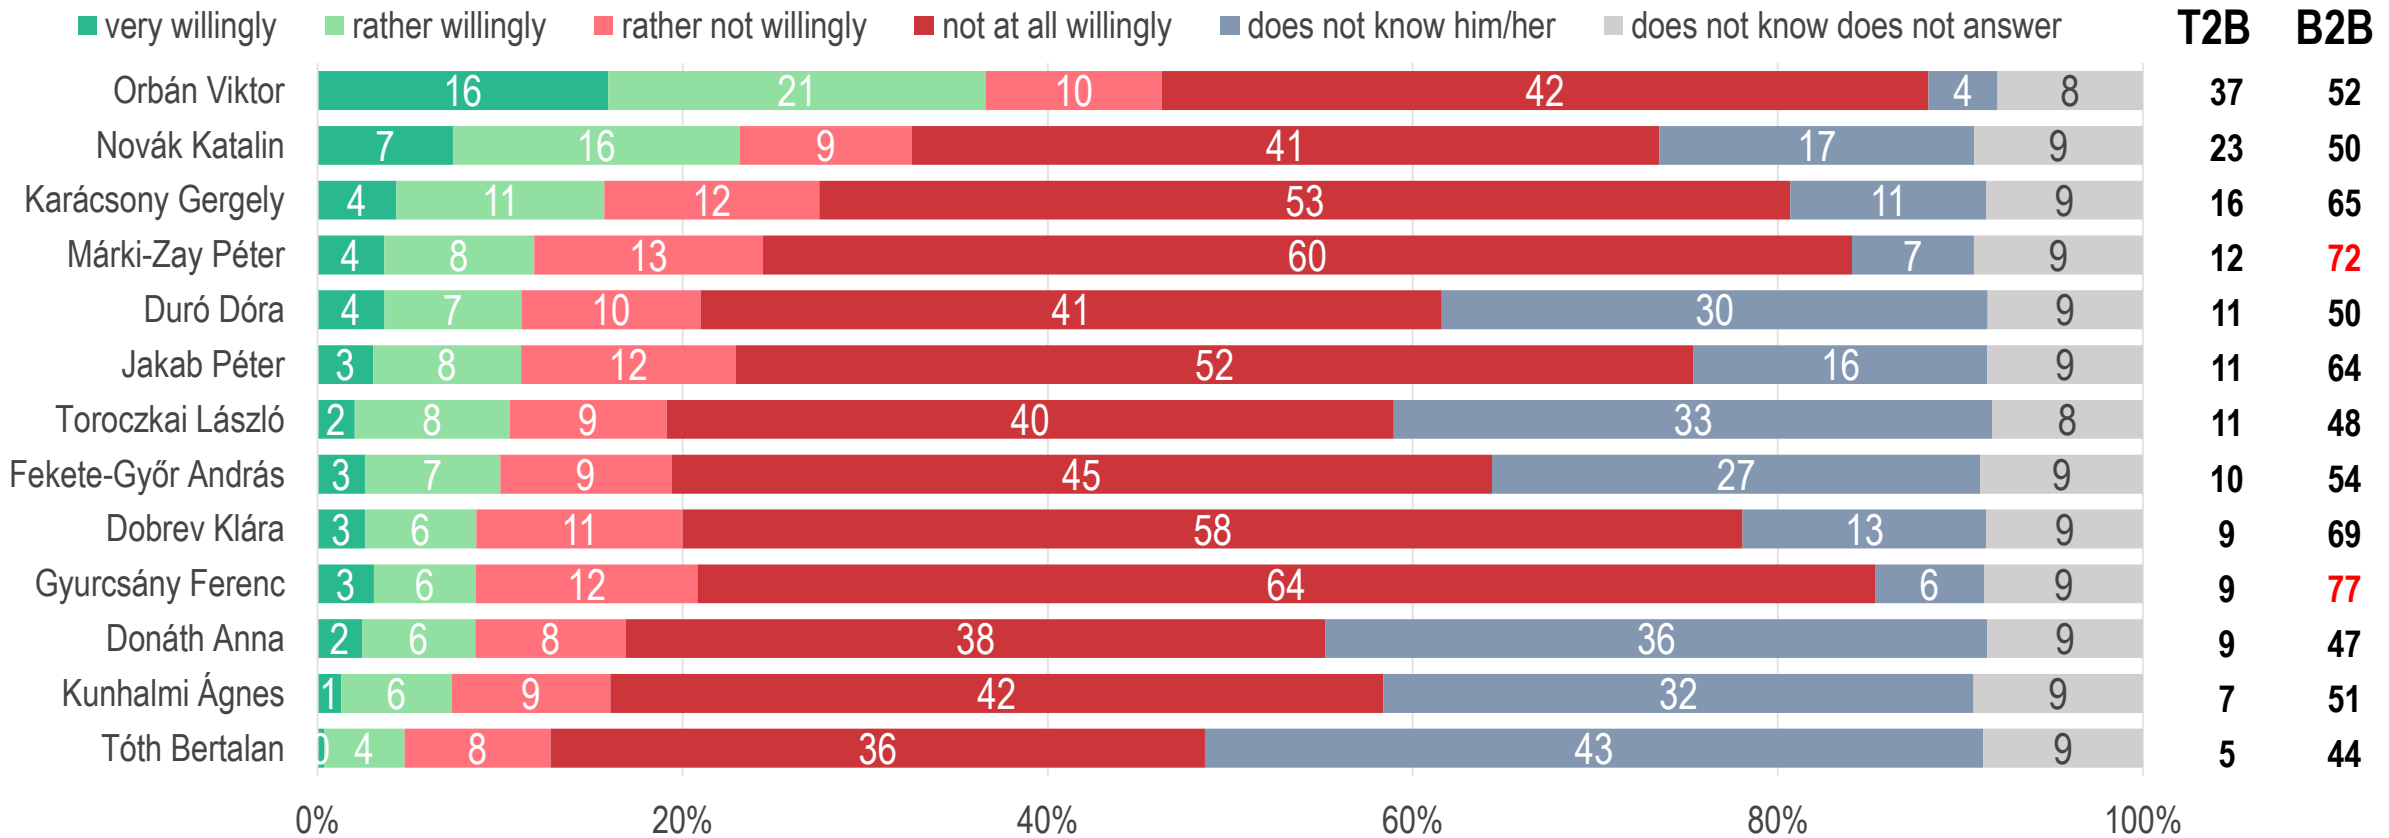

IMPORTANT TOPICS

Question: In the past 1 week, have you discussed the following topics with your family members, friends, or acquaintances?

Basis: Total (N=1000); percentage frequency

SELFIE WITH A POLITICIAN

Question: Would you rather or would you not like to take a joint selfie (picture) with the politicians below?

Basis: Total (N=1000); percentage frequency

SUMMARY

the majority of young people are not interested in politics

they can be addressed and encouraged to participate during elections

their decision is strongly influenced by the family

war and economic crisis increase the value of the predictable alternative
